

Our 27th Year of supporting entrepreneurs,  
freelancers, contract workers and home based  
businesses!

**ahboregon.org**

**Thursday, April 18, 2019, 6-9 pm**

**Ben Martinez-Bateman**

**Solving the web's mysteries**

"Web Development and You: Terminology,  
Concepts, and Best Practices"

This presentation will give an quick overview of the how the internet works, what the basic technologies involved with web design and development art, and the best ways to approach site development, maintenance, and updates. Develop the language & understanding to communicate with contractors for web work—or to help you jump-start your own journey into hands-on web development.

Ben will discuss web development and web presence, but questions about anything web-related will be welcomed during the Q&A session.
